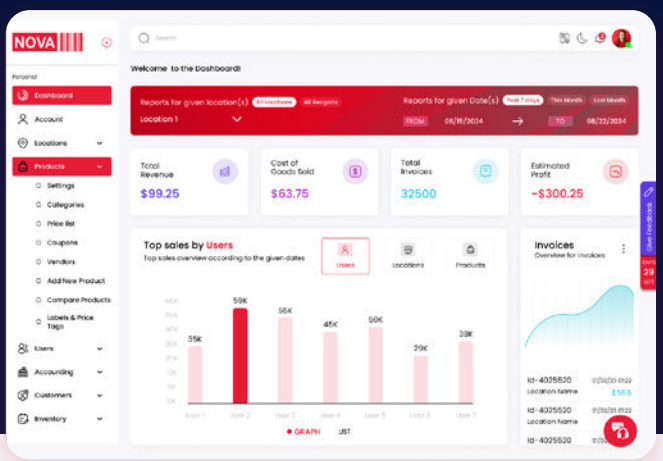
NOVA

Simple, Scalable POS Solutions

Innovative Retail POS Software for Modern Businesses



We understand that running a retail business comes with its own unique challenges, like managing inventory, creating marketing campaigns, and struggling with complex point of sale (POS) software. That's why we've developed a simple, scalable retail POS solution that goes beyond the features of other mass-market systems. NOVA POS offers a clear overview of your business, from low-stock alerts and automated purchase orders to smart marketing campaigns and customer data. Boost your retail business and enjoy all of our amazing features from one easy-to-use dashboard that seamlessly integrates with almost any hardware. **We don't follow trends — we set them.**

Why Retailers Love NOVA POS

Solutions That Make Sense

We don't believe in long-term contracts or hidden fees, and neither should you. With the NOVA POS system, you'll enjoy a low monthly subscription and processing fees. We also offer free upgrades, unlimited training, and support.

Easy Integration

With reliable software that integrates with existing hardware, you'll easily manage contactless payments, inventory, sales performance, employee stats, card swipes and customer data — all from a single platform.

Dependable Support

Technology can be overwhelming at times. But with our dedicated team of experts at your side, you'll be up and running in no time! And throughout your journey, you'll enjoy 24/7 support and comprehensive online self-service options.
